MESSAGE FROM THE PRESIDENT

Dear Congregant,

Rosh Hashanah is fast approaching and I'm happy to bring you Shana Tova and Good Wishes from the Board of Directors. May 5785 be a good year for all. May we see the return of all the hostages and have Peace again through the world, may the hate and the hostility against Jews in general and Jewish students in particular subside.

We recently lost **Goldie Johnston**, z"l, one of our oldest members, a lady who was truly caring for our synagogue. She will be deeply missed.

It was also a sad time for Rabbi Yagod who lost his 92-year-old Mother, **Bracha Yagod**, z"l, she was born in NY from a very honest family devoted to Judaism, the **Frankel**. Our condolences to the family.

2026 is coming soon, that will be the 100th anniversary for the building. Let us keep this in mind and start to plan. Meanwhile, whether you are in Moncton or moved away, let us know if we

can count on you to help organize the celebrations.

Last Shabbat, in Shul, I was reflecting on the state of our community. True, we are small in number, but we have potential. We can be proud that we continue to have minyanim every single week. For that we must thank a nucleus of good people – all those who make a point to come regularly – especially those good souls who accept to prepare the reading of the Torah.

I know that, for some of you, religion is not the most important aspect of Jewish life, that the cultural aspect is more important.

It is good to know that slowly but surely something is coming into place. A group has started the nucleus of a cultural center. It will develop. Little by little we will introduce different kind of activities. We want to bring life in the building. Sports? Conferences? Discussions? Activities for children? Chess tournaments? Hebrew classes? Yiddish classes? Ping pong tournaments? Yoga classes? Cooking classes? Get involved. It will be for the good of Jewish life and culture in general.

Do not be shy, we need your input, whether you have been in the region for a long time or are a newcomer. Please let us know your ideas for various activities that should be organized.

Members have received a letter from the synagogue about the dues for the coming year. If you have not received it and would like to be included, please call 899-1146. **To those who did not receive the message, please know that the Synagogue had to pay for many repairs this year: roof, windows, chimneys, wall, cameras, intercom etc. The expenses were over 60 000\$. If you can help, please call 899-1146, it will be much appreciated. Toda raba.**

The following article is the report I wrote on your behalf for Shalom Magazine. It is a good summary of the life in the community in the last few months.

From my family, all good wishes to you and your family for a healthy, happy and prosperous new year.

L'Shana tovah u'metuka!

because if one really gets teshuva right, then the history, in a divine way, in a way only the Creator can do, is changed, and there is nothing left of the negative acts that the person performed. That is why when a person does teshuva, you are not allowed to remind them of their former mistakes, or errors of any type or sort.

Essentially, teshuva is probably the greatest gift that came with the Creation of the world, because it offers a person a fresh chance without them being burdened or chained down by past mistakes. Teshuva allows a person to be remade essentially as fresh as the day they were first born. This is so powerful that it had to be built into the very essential elements of the world we live in. The chance to always fix a mistake is a condition by which the world continues to exist. It is built into the very workings of the world. Without teshuva, there is nothing.

This is what Rosh Hashanah is about. This comes back to the fact that Rosh Hashanah is the anniversary of the world's Creation. Once there is a chance to do teshuva, which Rosh Hashanah is very much about, then there's an incredible world, because Creation (and recreation) is incredible. Therefore, Rosh Hashanah comes out on the anniversary of the Creation of the world, which is perfect timing.

Now, let us all understand that no one is perfect, we all have flaws. The Talmud says there is not a righteous person in this world who has never done any wrong. So let all enhance our lives in this world by embracing the divine present of teshuva wholeheartedly, towards both ourselves and each other, and forgive ourselves and each other. We can do it. We will most assuredly live longer and happier lives because of it. Let's make it a really delightful year. I look forward to seeing you in Shul.

I wish you all the best,

Rabbi YIM Yagod
